# Bilateral MEETING REPORT

*Bilateral MEETING 18-20 July 2017 – Nicotera – Italy*

## *MINUTES MEETING*

*List of participants in the bilateral meeting of Pro.Women in Nicotera.*

ORGANIZATION	PARTICIPANT
<b>Giovani per l'Europa (Italia)</b>	Francesca Perfidio; Ferdinando Comerci
<b>Mad For Europe</b>	Katia Maccarone ; Álvaro García-Solans Molina

**Tuesday 18/07/2017**

An extra meeting with the Spanish partner was necessary to verify that the Spanish partner (subsequently entered the partnership, replacing ITREM) had completed its part of the project in due time and within the agreed timeframe.

In agreement between Giovani per l'Europa and Mad for Europe, we decided to organize this last meeting in order to check all the activities details and all results before the closing of the project, in particular the Website and online platform, created and managed by MAD for Europe .

This was fundamental in order to guarantee the sustainability of the project after its conclusion.

During this meeting the coordinator together with the 2 members of MAD for Europe:

- did an in-depth analysis of all the materials produced during the project,
- check if all its results were correctly uploaded on the website,
- a quality control has been carried out on completed activities
- we verified that all activities had been completed on schedule.
- organized all women feedbacks for a correct dissemination in order to involve more women interested in developing a HBB also in the future
- prepared a collection of all the training modules developed during the project as they are very useful and we have seen that it would be very fruitful to share them with women organizations, support centres and also municipalities.

Of course all this have been discussed with the rest of the partnership in a skype meeting and after this we have sent them this material.

**19/10/2016**

- Spanish partner took part in the multiplier event, organised by Giovani per l' Europa with presentations in ppt of the activities carried out in Spain since its entry into the project, and the presentation of some Spanish good practices.

**20/10/2016**

- Final Evaluation of the bilateral meeting in Nicotera
- Certificate Ceremony
